Petition for Withdrawal of Holding of Abandonment Due to An Office Error

To the Commissioner:

In reviewing the status of this application, it was noted that the status of the application is listed in the Office's PAIR (Patent Application Information Retrieval) system as having become abandoned on July 9, 2003 for "Failure to Correct Drawings/Oath/Non-Pub Request." Applicant never received a Notice of Abandonment for this application. Furthermore, Applicant's attorneys did not receive the Notice of Allowance dated January 27, 2003 or the Notice to File Corrected Application Papers dated April 25, 2003 and then re-sent on June 4, 2003.

An examination of the Office's file wrapper for this application, it was noted that the Office mailed the Notice of Allowance and the Notice to File Corrected Application Papers to the applicant's attorneys' former address, and both correspondence were returned to the Office as undeliverable. However, in a paper filed June 19, 2002 entitled "Sub-Power of Attorney & Change in Correspondence Address," applicant's attorney requested change of the correspondence address to the applicant's attorneys' current address at 575 Madison Avenue, New York, New York 10022-2585.* A copy of this correspondence is attached hereto as Exhibit A.

As required by the procedures set forth at MPEP 711.03(e), the applicant hereby submits the following description of the system for recording Office actions received at the correspondence address of record.

<u>Description of System for Recording Office action Received at</u> <u>Correspondence Address of Record</u>

When an Office action is received at the correspondence address of record for the abovereferenced application, it is stamped received and then it is entered into the computerized docketing system of the applicant's attorneys. The docketing clerk opens the electronic record in the applicant's attorneys' computerized docketing system and enters the mailing date of the Office action received indicating the action type.

The due dates for filing of a response to the Office action are generated by the applicant's attorneys' docketing system based on the mailing date entered. For a Notice of Allowance, the applicant's attorney's docketing system will generate due dates as follows:

84475447

^{*} It is noted that applicant's attorneys' firm name has since changed from "Katten Muchin Zavis Rosenman" to "Katten Muchin Rosenman".

- At the date three-months from the mailing date of the Notice of Allowance a due date for payment of the issue fee without a petition for an extension of time.
- At the date for payment of the Issue Fee with a one-month extension request;
- At the date for payment of the Issue Fee with a two-month extension request;
- At the date six months from the mailing date of the Notice of Allowance a FINAL due date for payment of the Issue Fee with a three-month extension request

Once the Office action is entered into the applicant's attorneys' electronic docketing system, the docketing clerk makes a handwritten notation on the file jacket for the applicant's attorneys' file for the application indicating the date of the Notice of Allowance, the due date three months from the mailing date of the Notice without any extensions; the dates corresponding to filing of the correction with a one-month extension request, with a two-month extension request, and the date six months from the mailing date of the Notice of Allowance as the final due date for payment of the Issue Fee with a three-month extension request.

For a Notice to File Corrected Application Papers with a non-extendible 30-day response period, Applicant's attorneys' docket clerk would manually enter docketing due 30 days from the date of the Notice. Thus, for the Notice mailed on April 25, 2003, a response date of May 25, 2003 would have been entered in the applicant's attorneys' docketing system, and for the Notice mailed on June 4, 2003, a response date of July 4, 2003 would have been entered into the applicant's attorney's docketing system.

In support of this petition, Applicant is enclosing herewith, as Exhibit B, a print-out of its docket records for this file. As can be seen from this print-out there was no docketing of any action mailed on January 27, 2003 (the mailing date of the Notice of Allowance) which would have had a three-month response date of April 27, 2003, and a six-month response date of July 27, 2003. Nor is there any docketing of any action mailed on April 25, 2003 (the original mailing date of the Notice to File Corrected Application Papers) or June 4, 2003 (the date Notice to File Corrected Application Papers was re-sent) which would have had response dates on May 25, 2003 and July 4, 2003, respectively.

Applicant is also enclosing, as Exhibit C, print-outs of the docket record for its attorney from April 17, 2003 to May 7, 2003 (the period ten days prior to the three-month due date to ten days after the three-month due date for payment of the issue fee) and from July 20, 2003 to August 6, 2003 (the period from ten days prior to the six-month due date for payment of the issue fee to ten days after the six-moth due date for payment of the issue fee) to show all responses due by Applicant's attorneys' firm on and around the three-month due date of April 27, 2003 and the six-month due date of July 27, 2003. It is noted that these docket records indicate that the notice of Allowance dated January 27, 2003 for the above-referenced application was not received.

Applicant is also enclosing, as Exhibit D, a print-out of the docket records for its attorneys from May 15, 2003 to June 5, 2003 (the period ten days prior to the thirty-day response date for the Notice to File Corrected Application Papers mailed on April 25, 2003 to ten days after the thirty-day response date for the same). Also enclosed is a print-out of the docket records for its attorneys from June 20, 2003 to July 13, 2003 (the period ten days prior to the

thirty-day response date for the Notice to file Corrected Application Papers resent on June 4, 2003 to ten days after the thirty-day response date for the same).

Applicant is also enclosing, as Exhibit E, a copy of the cover of its file jacket for this application, which reflects the docketing for this application. Had the Notice of Allowance or either mailing of the Notice to File Corrected Application Papers been received by the Applicant, the docketing records on the Applicant's file jacket would reflect docketing for a response due three months from the mailing date of the Notice of Allowance, namely April 27, 2003 (and six months from the mailing date of the Notice of Allowance, namely July 27, 2003. Had the Notice to File Corrected Application Papers dated April 25, 2003 been received, Applicant's file jacket would reflect docketing for a response due thirty days from the mailing of the same, namely May 25, 2003. Had the Notice to File Corrected Application Papers dated June 4, 2003 been received, Applicant's file jacket would reflect docketing for a response due thirty days from the mailing of the same, namely July 4, 2003. As can be seen, no such docketing was done for this application.

Also enclosed herewith, as Exhibit F, is a statement by Applicant's undersigned attorney in support of the current petition.

In view of the foregoing, it is respectfully requested that the current application be reinstated and the Notice of Allowance and Notice to File Corrected Application Papers be reissued and the response time for such re-set.

STATEMENT IN SUPPORT OF PETITION FOR WITHDRAWAL OF HOLDING OF ABANDONMENT

- I. Linda S. Chan (Reg. No. 42,400) declare that:
 - 1. I am the Applicant's attorney for the above-referenced patent application.
 - 2. The enclosed docket records show all actions docketed for the above-referenced application and all responses docketed as due by our firm in the time periods from April 17, 2003 to May 7, 2003 (the period ten days prior to the three-month due date to ten days after the three-month due date for payment of the issue fee) and from July 20, 2003 to August 6, 2003 (the period from ten days prior to the six-month due date for payment of the issue fee to ten days after the six-moth due date for payment of the issue fee); from May 15, 2003 to June 5, 2003 (the period ten days prior to the thirty-day response date for the Notice to File Corrected Application Papers mailed on April 25, 2003 to ten days

Ser. No. 09/315,713

after the thirty-day response date for the same); and from June 20, 2003 to July 13, 2003

(the period ten days prior to the thirty-day response date for the Notice to file Corrected

Application Papers resent on June 4, 2003 to ten days after the thirty-day response date

for the same).

3. I searched our office's file jacket for this application and the docket records for our firm

(as reflected in the enclosed print-outs) and the file jacket and there is no indication in our

docket records that the Notice of Allowance dated January 27, 2003 or the Notice to File

Corrected Application Papers dated on April 25, 2003 or June 4, 2003 were received by

our firm.

4. I further declare that all statements made herein of my own knowledge are true and that

all statements made on information and belief are believed to be true; and further that

these statements were made with the knowledge that willful false statements and the like

so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18

of the United States Code, and that such willful false statements may jeopardize the

validity of the application or any patent issued thereon.
